Ryotanji Temple

龍潭寺

MAP 18 B2

This temple was founded in the year 733 by Gyoki, Bodhisattva. There are many cultural assets here, such as the garden designed by Enshu Kobori, and the sculpture of a dragon carved by Jingoro Hidari. This has been the li family's home temple for 40 generations, including Naosuke li, a famous lord in the last days of Tokugawa Shogunate, and li Naomasa, one of the big four lords at the Tokugawa Period. Ryotanji is one of the 5 famous temples in the northern area of Lake Hamana.

Makayaji Temple

MAP 02 A4

The garden at this temple was originally created at the beginning of the Kamakura Period. The style of the garden is from the Heian Period, currently unique in eastern Japan. This garden and the Saihoji Temple (Kokedera) garden in Kyoto are held in equally high regard. Makayaji is one of the 5 famous temples in the northern area of Lake Hamana.

Daifukuji Temple

MAP 02 A4

In the garden of this temple, visitors can enjoy strolling around the pond with the Niomon Gate and the mountains in the background. Daifukuji Natto, a dry salty natto, which was once offered to the Toyotomi and Tokugawa lords, is this temple's homemade specialty. Daifukuji is one of the 5 famous temples in the northern area of Lake Hamana.
